budget wedding flower packages

Available March to September

# WHY CHOOSE A PACKAGE?

If you're looking for lovely flowers, without fuss, my budget packages (available during the UK growing season from March to September) are a perfect fit.

I use seasonal flowers to suit your colour scheme - simply lovely, as nature intended. I can't guarantee specific flower varieties but will always work with your colours to achieve the look and feel you love.

When you choose a package you are buying the Tuckshop look but with minimal fuss, no worry and no lengthy consultation - just naturally beautiful flowers with perfume and personality, chosen to suit your wedding colours and style.

# WHAT DO I NEED?

The scale of your flowers depends on the size of your wedding party, what flowers your venue might be providing, and of course, your budget. If there isn't a package that suits your needs exactly, get in touch and I can discuss this with you further.

When working out how many buckets of flowers you might need, one bucket will contain at least 60 stems of flowers and foliage, carefully selected to match your scheme. This is usually enough for at least 3 table centres or one very large arrangement.

Please note I do not supply orders of flower arranger's buckets only - these are only available as part of a package order.

All arrangements listed in this guide are available as part of budget packages. If something is not listed I'm afraid it's only available for bespoke orders (e.g. container and prop hire, delivery, set up and installation).

# HOW TO ORDER

It's simple :

- Choose the package which suits you best and decide any variations needed.
- Contact me with your wedding date, any colour scheme, the package you'd like, any 'Extras' and variations, and we can talk through the details by phone or email. I will then confirm your order cost via email.
- Send me 3 photos of bouquets that you like to give me an idea of the style you love.
- Collect your flowers from me in Birmingham B30 the day before the wedding. To help with your preparations, if you wish, cut flower buckets can be collected two days before to give you time to arrange them.
